

SWL Digital Self-Management app

Powered by GetUBetter

EASE OF ACCESS VIA ALL TOUCHPOINTS

Patients can self-refer to the app with ease of access via QR codes, GP Website, or from the GP directly via SMS messaging

This is a **FREE** SWL digital health service providing **instant, 24/7 support** to LTCs patients to better self-manage and/or while they wait for an appointment. The app is available **across all patient touch points**.
